History of the Institution

1. The Ramakrishna Mission Sevashrama, Lucknow, the local branch centre of the world famous Ramakrishna Mission, P.O. Belur Math, District Howrah, West Bengal, was started in a small way in 1914, for humanitarian work, by a band of young people inspired by the lofty teachings of Swami Vivekananda, the great patriot saint of India. They helped its growth with years of selfless work, and gradually its activities of social and religious services went on increasing. At first it acquired a plot of land at Ahata Gungey Nawab, Aminabad, Lucknow and constructed its own premises through the munificence of the charity minded local people and devotees. By 1925, its activities had further increased when in that year the Sevashrama was affiliated to the Ramakrishna Mission, a religious and philanthropic organization founded by Swami Vivekananda, at Belur Math, District Howrah (West Bengal); this Mission is registered under the Societies Act XXI of 1860, as revised according the West Bengal Act XXVI of 1961. In the post-independence period, the accommodation and space available at Aminabad was found to be much too inadequate for meeting public demands for its services, particularly for the Mission’s dispensary. The Ramakrishna Mission Sevashrama, hereinafter called Sevashrama, in 1961-62 with the benign help of the State Government secured allotment of the present plot of land in the Trans-Gomti Area for establishing the Vivekananda Polyclinic and thereby for enhanced medical and health, educational, religious and cultural services. The Polyclinic scheme was a bold and ambitious one designed for setting up a Medical Centre of a new type with up-to-date modern diagnostic facilities to serve mainly the outpatients with liberal domiciliary medical services. The Branch Centre at Aminabad was shifted to the new site at the Vivekananda Puram in January 1967. The massive and extensive Vivekananda Polyclinic building for the outpatients came up with financial assistance received from Government and helpful cooperation and support from all quarters. The new building was formally dedicated for public service on 18th February 1970. From June 1970 twelve well equipped Outpatient Departments started functioning.

Activities of the Sevashrama

2. In the activities of the Sevashrama, emphasis has largely been on social service in Medical and Health Sector for rendering relief to our suffering people in accordance with the teachings of Sri Ramakrishna, (‘Service to Jiva
is Service to Shiva’) i.e. spiritually dedicated service of humanity with utmost reverence is worship of God.

2.01 The Sevashrama has been serving the public in three interconnected spheres:

(1) Medical & Health (2) Education (3) Religious & Cultural

Medical and Health Services

Vivekananda Polyclinic and Institute of Medical Sciences

3. These activities mainly centre around the Vivekananda Polyclinic and Institute of Medical Sciences, Lucknow, (hereinafter called the Hospital), which started functioning from 1970 and has gradually come up as prominent, neat, and clean Medical Centre of its own type in the State. It has been providing extensive modern diagnostic facilities, with Spiral CT Scan equipment and efficient laboratories through which specialised treatment for several diseases is rendered. It has several disciplines including Ophthalmology, Dentistry, Physiotherapy, Ear-Nose-Throat Departments, Cath Lab, ICU, NICU, Dialysis Unit, Blood Bank, etc. which have been attracting increasing number of patients to the Hospital from far and near. The Hospital has given a new lead in placing emphasis on domiciliary treatment in the Outpatient department suited to our economy marked with limited resources, and increasing population. The outpatient departments remain open for eight hours on all working days excluding declared holidays. An emergency service of all-round 24 hours was started on 1st April, 1982. An Ayurvedic, Homeopathy, Naturopathy and Pranic Healing Sections are also functioning in the Outpatient Departments. The patients are free to choose any system of medicine to suit their requirements.

3.01 The Indoor Department was started in 1972-73 with provision for 100 beds with the facilities of Surgical, Medical, Paediatrics, Maternity, Gynaecology, Orthopaedic, Dental, Ear-Nose-Throat, and Laboratory Departments, etc. The number of indoor beds has been increased to 350.

3.02 The Polyclinic was greatly handicapped on account of acute shortage of trained personnel, particularly nurses and paramedical staff. The General Nurses Training was eventually sanctioned by the U.P. State Medical Faculty vide its letter No. GNT/2999 dated 27th July, 1987. Now, a Diploma in the following Paramedical Courses have been sanctioned by U.P. State Medical Faculty (UPSMF) vide letter No.7390/12 dated 17/10/12:

- Optometry
- Physiotherapy
- O. T. Technician
4. The Basic Principle guiding the Department of Paramedical Sciences (DPS) is the noble Ideal of service with a spirit of renunciation, sacrificing one’s self interest for a greater cause - which the Ramakrishna Mission endeavours to give effect through its multifarious activities.

The motto as given by Swami Vivekananda is Service to Man is Service to God, which forms the Basic Principle of caring for patients with a spirit of devotion and commitment, regardless of caste, creed or religions. Therefore, the Department endeavours to train the students to acquire knowledge, develop skills and imbibe positive attitude, as also enable them to carry out their duties and responsibilities as competent paramedical technicians imbued with the above ideal.

Aims and Objectives
5. In pursuance of the said Basic Principles, the aims and objectives of the Department are to provide opportunities for the students to acquire and develop the following:

5.01 A sound theoretical and practical knowledge and of the basic principles underlying the techniques and methods used in Paramedical Sciences.

5.02 The knowledge, skills and attitudes necessary for planning as well as carrying out paramedical functions of all categories of sick or disabled persons.

5.03 The ability to plan and act independently with full responsibility as a paramedical technician and as a spiritual human being.

5.04 The knowledge and skills required for current paramedical techniques and to deliver expert care to patients.

5.05 An ability to establish priorities and meet the patients’ or the community needs with available resources.

5.06 Recognition, appreciation, and empathy with the physical, mental, social, economical, and emotional traits and needs of a patient and his family and cooperation with them in moulding them on right lines in accordance with the said Basic Principles of the Department.
5.07 The capacity of keeping calm, serene, and smiling and never to lose temper, even on provocation.
5.08 Maintaining the habit of strict punctuality in all activities and obligations.
5.09 Imbibing a sense of total devotion to the duties as a Paramedical Technician, making it a way of life.

Eligibility
6. Minimum age is 17 years at the time of admission.
6.01 Students must have successfully completed 10+2 or equivalent examination (Physics, Chemistry & Biology or Mathematics).
6.02 Must have good knowledge of English and Hindi and should be able to communicate in English.
6.03 Admission is made once a year. Only candidates who are physically and mentally fit to undergo training are eligible to apply.

Admission Process and Associated Formalities
7. Application for Admission to the Paramedical Courses will be generally invited through suitable advertisements in selected newspapers.
7.01 The prescribed application form with prospectus is available from the Hospital on payment of Rs. 300/- in cash or through account payee Bank Draft drawn in the name of Ramakrishna Mission Sevashrama, payable at Lucknow. The application form can also be downloaded from the Website (www.ramakrishnalucknow.org) of Hospital. Duly filled in application form should be submitted to the Hospital by Registered/Speed Post or in person within the prescribed time limit. Rs. 300 or Bank Draft of an equivalent amount drawn in the name of Ramakrishna Mission Sevashrama, payable at Lucknow must accompany the application forms, without which the application cannot be considered.
7.02 Candidates must have passed in all the subjects for admission in Diploma Course in Paramedical Sciences before the last date prescribed for submission of the mark sheet.
7.03 Submission of any false or incorrect information will result in cancellation of admission and forfeiture of any fees paid.
7.04 Once application form is submitted, no alterations will be allowed thereafter.
7.05 All admissions will be treated as provisional. Confirmation of admission will be subject to fulfillment of all eligibility criteria, evidenced through verification of all original documents, including medical examination report.
7.06 Admission test ticket will not be sent to a candidate, if found not eligible or if application is incomplete. If the candidate does not receive the admission test ticket by the prescribed date he/she may contact VPIMS immediately between 10 a.m. to 4 p.m. If found eligible, a duplicate admission ticket will be issued. The applicant must bring an attested copy of photograph similar to the one pasted on the application form for issue of duplicate admission test ticket.

7.07 The following attested photocopies of Certificates and documents are to be attached to the application forms:

- Birth Certificate or High School Certificate.
- Senior Secondary School Examination Certificate or Intermediate Board / University Certificate.
- All Mark Sheets from High School onwards.
- Transfer Certificate.
- Migration Certificate.
- Self addressed envelope 24X10 cm with Rs. 30 stamp affixed on it.
- Three recent passport size colour photographs.

7.08 All original Certificates are to be produced at the time of interview for verification.

Mode of Selection

8. Eligible candidates will be called directly for interview.

8.01 However, if the number of candidates in each discipline is more than 100, a written test (duration of 90 minutes), comprising questions from English, Physics, Chemistry, Biology, Mathematics and General Knowledge will be conducted. Successful candidates from the written test will be interviewed.

8.02 Selection is based on past academic record as well as performance in the written test and interview.

8.03 The successful candidates after the interview will undergo a Medical Examination at the VPIMS at their own expense and only medically fit candidates will be eligible for admission.

Intimation for Admission

9. Admission offer letters to selected candidates will be sent by registered post, addressed to the candidate or to her guardian, offering admission to her which shall be deemed to be subject to other provisions of this Prospectus.

Number of Seats

10. A maximum of 30 seats are available in every discipline of the diploma courses.
Period of Probation
11. Students will be taken on probation period for three months. During this period the students will be in classroom much of the time. An examination will be held after three months and those who are not successful will have to discontinue their training, with proportionate refund of fees other than Admission Fee.

Fee for 2 Years Diploma Course in Paramedical Sciences
12. The following fees are to be paid after acceptance for admission to the diploma course.

Fee Structure (Payable annually at the time of admission/ beginning of each Session)*

*Subject to revision from time to time.

Security Deposit
13. On Admission at the beginning of the Course a Security Deposit of Rs. 25,000/- (Rupees Twenty five thousand only) is to be made. However, the Security Deposit is refundable without interest on completion of the Course after deduction of damages, if any.

Other Fees
14. Examination fee and Registration Fee shall be charged as prescribed by U.P. State Medical Faculty Registration Office.
14.01 Failure of a student to pay the above mentioned fee / charges before due date, as fixed by the management, will result in cancellation of the admission of the student.
14.02 Students will be allowed to wear white Salwar suit (female students), white trouser and shirt (male students), white socks, and white shoes. Uniforms will be supplied by the Hospital at the cost of Rs. 5,000.00, as mentioned above, excluding socks and shoes.
14.03 No refund of fee is permissible once the candidate has been admitted to the Diploma Course. The fee and other dues, once paid, under no circumstances will be refunded, adjusted or transferred.
14.04 Withdrawal/discontinuance - It is expected that once a student is admitted, he/she will continue to study in the VPIMS until the completion of
the course. A student wishing to withdraw/discontinue at any stage of the course will be liable to pay damage charges of Rs. 50,000/- (Rupees fifty thousand only) for which an undertaking is to be executed at the beginning of the course. Failure to make payment of fees and other charges, within a maximum period of one month from the stipulated date, will be treated as a case of discontinuation.

**Duration of Course**

15. Duration of the course is two years. The curriculum followed would be as per the guidelines laid down by the U.P. State Medical Faculty. The medium of instruction is English.

16. **Courses of Instruction and Supervised Practice**

The Year-wise details are as follows per Diploma Course:

1. **Diploma in Optometry**

   **First Year**

   **Subject** | **Theory (Hrs)** | **Practical (Hrs)**
   --- | --- | ---
   Anatomy, Physiology with special attention to be given to Eye | 400 | 350
   Physical & Physiological Optics | 350 | 400
   **Total** | **750** | **750**

   **Second Year**

   **Subject** | **Theory (Hrs)** | **Practical (Hrs)**
   --- | --- | ---
   Diseases of the Eye | 250 | 300
   Drugs & Diagnostic Instruments | 100 | 200
   Mechanical Optics and Ophthalmic Lenses | 300 | 350
   **Total** | **650** | **850**

2. **Diploma in Physiotherapy**

   **First Year**

   **Subject** | **Theory (Hrs)** | **Practical (Hrs)**
   --- | --- | ---
   Anatomy, Physiology | 250 | 150
   Massage Movement | 200 | 250
   Physics | 100 | 50
   Electro Therapy | 100 | 100
   Physiotherapy | 100 | 200

Permission for Appearing in the Examination

17. Main Examination

State Medical Faculty shall permit only those students to appear in the examination who fulfill the following conditions duly certified by the Head of the Department (HOD)/Principal of the Paramedical Institute:

1. The student must have completed at least 11 months theory and practical training.
2. The Internal Assessment of the student and his/her attendance (75%) must be satisfactory.
3. The HOD/Principal of the Paramedical Institute should have certified the good work and conduct of the student.
4. The student must have separately passed theory and practicals.

18 Subsequent Examinations

If the student fails in theory or practicals, he/she will be permitted to continue training of the next year. However, he/she cannot appear in the final examinations unless he/she has passed the theory or practicals examination by taking supplementary examinations of the first year.

Vacations and Holidays

19. Sundays=52days; Annual vacations=20days; Gazetted Holidays=20days; Other Holidays:13days; Preparation leave=10days

Total: 115 days

Rules and Regulations

20. Each student is responsible for the proper handling and safe custody of any apparatus or equipment that they may be using. In case of any damage or loss to the Hospital property through misuse or negligence, the student shall have to pay the cost of repair or replacement.

20.01 Every student shall have to attend classes and practicals. They will not leave the hospital premises without the permission of the HOD. They will have to report daily attendance.

20.02 In case of illness, permission will have to be obtained from the HOD for being absent from Class or Practicals.

20.03 All dues are to be paid within the prescribed time limit.

20.04 Students are advised not to proceed on any leave without permission of the HOD.

20.05 The Principal reserves the right to rusticate any student found indulging in gross indiscipline and/or engaged/involved in acts which are prejudicial to the interest of the Hospital.
Other Information
21. The students must adhere to the rules of VPIMS. Failure to do so will lead to disciplinary action.
21.01 Students are required to have textbooks for various courses which they have to arrange on their own.
21.02 Uniform - Students would be required to wear the uniform prescribed by the Hospital. The Uniform will include White Salwar Kurta (ladies), or trouser and shirt (gents), Lab Coat, White Shoes and White Socks. The students will have to procure White Shoes and White Socks on their own cost. In addition, the students will have to arrange on their own, two black colour plain cardigans with full sleeves for hospital work in winter.
21.03 Hospital - Students shall not accept any presents or gifts from patients or their relatives or visitors for any service or favour.

Discipline and Conduct of students
22. Every student shall conduct himself/herself in accordance with and for the fulfillment of his/her declaration in application for admission, to the requirements of the Diploma Course to the effect that he/she sincerely believes in the Basic Principles of the Institution, that care for services of humanity at large, without any distinction of religion, race, colour, caste, or creed, with complete dedication, love and as much renunciation and sacrifice as possible, as worship of God and advancement of her spiritual powers, and in furtherance of this objective he/she:-

• Shall abide by and obediently maintain discipline in the Hospital as well as outside when permitted to go out.
• Shall be strictly punctual in studies, recreation and work and shall pass his/her life in purity in the hospital and the outside world.
• Shall pursue her studies, theoretical and practical, faithfully and obediently with interest, and diligence, both in the classrooms as well as in the hospital.
• Shall abstain from anything deleterious or mischievous.
• Shall not take him/herself or administer to anyone else any drug which may be harmful.
• Shall never lose temper and shall do everything in his/her power to observe, follow and maintain the standards of a technician.
• Shall keep secret and confidential all personal matters or affairs of patients and their family matters which may be confided to her or may come to her knowledge in, or in connection with the practice of technician training.
• Shall loyally render all possible help and assist the doctor.
• Shall render his/herself service faithfully with love, tenderness and sympathy to the welfare of patients committed to his/her care.
• Shall see to it that the patients committed to his/her care, and also the patients’ relatives or visitors are not made to incur any additional expense or obtain service or concession, in connection with the Hospital, WHICH IS NOT LEGAL OR ETHICAL.
• Shall honour faithfully and shall try to fulfill all the aims and objectives enumerated in Section 5.
• Shall learn to be courteous to the patients and their visitors.
• Shall not organise unauthorised meetings or assemblies within the hostel premises or undertake collection of Union Subscription. Collection of any money for any other purpose also cannot be done without prior permission from the HOD in writing.
• Shall refrain from unruly behaviour, defiance, and/or disobedience of lawful instructions and/or order of the superiors. Such behaviour will expose a student for disciplinary action which includes removal from Paramedical Course. Decision of the Secretary will be final and binding in all cases.
• Shall refrain from damaging Hospital properties, misuse of water and electricity causing wasteful expenditure. In the event of any breach thereof, the cost will be recovered from the erring student.

22.01 Breach of any of the foregoing shall attract disciplinary action.

22.02 The candidates as well as their parents, at the time of admission of the students to Diploma Course will be required to furnish an undertaking in the form of an affidavit that the student shall not participate in any form of ragging, strike etc. If found guilty, the HOD may take appropriate action, against the erring students.

Disciplinary Action
23. All matters requiring disciplinary action against a student shall be reported in writing by the person aggrieved or by the doctors or any other official concerned to the HOD in person.
23.01 If there is any violation of discipline and conduct in the Hospital, then it is to be reported to the HOD under whom he/she may have been deputed during training, who will call for the written explanation to be submitted within 48 hours.
23.02 If the written explanation offered by her does not satisfy the HOD as sufficient or if the student fails to submit the written explanation, the complaint shall be forwarded with the necessary report to the Principal,
Department of Paramedical Sciences, who may act in accordance with sub paragraph 23.03 below.

23.03 On the basis of a complaint received under sub paragraph 23.01 above or on the basis of the report about the conduct recorded, evidence, if any, and the written explanation, if offered under sub paragraph 23.02 above, the HOD may call an explanation on punishment to be submitted within 48 hours.

After considering the explanation the HOD shall intimate the punishment proposed to the student. Accordingly, the Principal, Department of Paramedical Sciences shall pass an order of punishment against the student with due regard, to the seriousness of the violation of discipline or conduct. But the punishment finally awarded shall not be more severe than the one intimated to the student as proposed.

23.04 The punishments that may be imposed under sub paragraph 23.03 above, according to the seriousness of the offence may be:

a) Warning
b) Suspension from the clinical area and class (restricted for the period of one session of classes and training) to be determined by the HOD.
c) Termination of training with the liability of paying back, or refunding all the expenditure incurred by the authorities on the student up to the time of termination of his/her training.

Job Opportunities in the Parent Hospital

24. The candidates are encouraged to enter into an optional service contract for specialized training cum service as technicians in the parent hospital after successful completion of the course.
